

Impact 2018

Helping employees volunteer

Involve Swindon is a network of companies, statutory bodies and voluntary organisations working together to encourage employees to give their time and develop their skills through volunteering in the local community.

This is a snapshot of how we did this in 2018

We source exciting volunteering projects for employees to get involved in ranging from team volunteering days through to using your business and professional skills to support a local charity or getting involved in the longer term as a regular volunteer or trustee.

We work with local charities, social enterprises, local groups and statutory organisations who will really benefit from the skills employee volunteers can bring and our expertise in leading employee volunteering.
